WELCOME BACK TO SCHOOL

Welcome back to yet another school year! The summer has gone by so fast, and we are very excited to welcome you and your children back to school! Our teachers have been working diligently all summer long to make sure that they are at their absolute best for all our children on August 12th. For those of you that are new to Lucy Elementary, we want you to know that you are coming to a wonderful school!

Our teachers and staff are caring, innovative, and have been working diligently all summer to ensure that they are at their best and able to provide your child with the best education possible. We are a collaborative and driven group of educators who strive for our students reach their highest potential. Therefore, our vision at Lucy Elementary is "to empower all students to be efficient life-long learners that value education by demonstrating consistent academic and social growth in order to become contributing members of a global society."

We look forward to working together with you to ensure that our kids have a fun and engaging educational experience. I firmly believe that building strong relationships between home and school is one of the most important factors in increasing student achievement. The partnerships between home and school not only helps our students be successful, but also our overall school community.

We are honored to serve our children, families, and community at Lucy Elementary. It is a privilege for us to be a part of this community where parents, teachers, and students care for one another and build positive and lasting relationships supporting our students academically, socially, and emotionally.

Thank you for allowing us to work with your children as we strive to create an environment where all scholars and adults feel welcomed, respected, trusted, and an important part of the school.

A note from the PTA...

If you are looking for ways to be involved in our school, please consider working with our Parent Teacher Association. Parents can help as little or as much as they desire. It is definitely a nice way to become more involved in your student's education.

This is the first volunteer opportunity of the year and we could use everyone!

We can't wait to see what this school year will bring!

Arrivals and Departures

School hours are 9:15 AM - 4:15 PM. **Students should arrive between 9:00 - 9:15. All students will eat breakfast in the classroom.**

The School Garden

A school garden is a powerful environmental education tool. Through gardening, students become responsible caretakers. They have an opportunity to engage in agricultural practices on a small scale, learning about the responsibilities and impacts of land cultivation. They explore the web of interactions among the living and nonliving players that sustain life. By doing so, they develop a greater understanding of the natural world.
